100% of the Funds Raised are Used for Hands-On Learning!

All fundraising monies are used throughout each school year to acquire the additional resources and materials needed by teachers to support rich learning experiences for the students at *Bettendorf Middle School*. This money allows our teachers to request

unique instructional resources, special materials, and nontraditional supplies, as well as provide some transportation to select off-campus educational experiences or allow for true outside experts to visit our school and share their expertise. We are working

hard to generate awesome experiences for each and every *BMS* student and look forward to **partnering** with each family to fill the school year with many diverse educational experiences.
